

Jie-Jen Aroma Diffuser Catalog

Features & Benefits

Versatile Functions

It acts as:

- Humidifier
- Air purifier
- Atomizer
- Aromatherapy diffuser

Clean Air

- Pure ionic molecules absorb and detrimental substances
- Help keep a purified and refreshing ambiance.

Moisturize Air

It constantly humidifies the air and keeps skin moisturized.

Fire-Free Aromatherapy

- The inhaled essential oil is gently nebulized and diffused into the air
- No lit flames required to enjoy aromatic air.

Spa Feeling

- The ultrasonic plate vibrates at a high frequency creating ions
- Provide a similar effect of taking a spa around waterfall
